

Partner Integration

Leverage automation for payment processing with the power of M3 and Corpay!

Corpay's integration with M3's forward-thinking solutions for hotels is designed to reduce both the hours and materials required for M3's typical accounts payable processes. By utilizing electronic payments, M3's clients will save time, resources, and money.

Key Benefits with Corpay's ePay Solutions

Achieve better operational performance and transform your AP process

Greater Efficiency with automated remittance and reconciliation with an easy-to-use interface

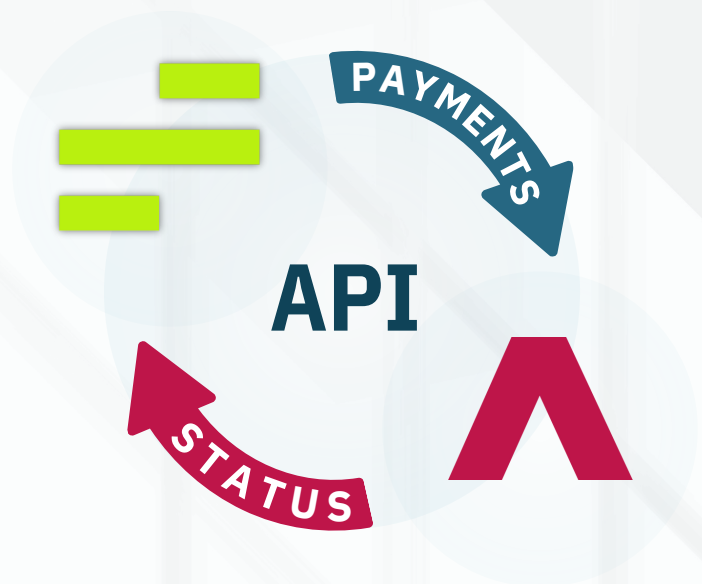

Greater Speed through fast and seamless implementation

Greater Security through encrypted account data and multi-factor authentication

Greater Support through a dedicated team of payment specialists

Combining Your M3 Accounting Software with Corpay to reap the benefits

- ✓ A single, automated process to pay vendors through multiple methods
- ✓ Less time and money spent by eliminating check printing, postage, envelopes, and chasing uncashed checks
- ✓ Automatic reconciliation to ensure no outstanding payments or uncashed checks
- ✓ Self-service reporting and detailed analytics for more transparent decision-making
